

FOOTYTIPPING GUIDE

[Return to home page](#)

1. Tips entry

To enter your tips you will need your Member Number AND your Password.

Enter these, select the round you wish to tip and make your selections.

You can print the confirmation page if you wish.

The 'record number' is handy if you have a query.

If you forget your password follow the prompt, enter the email address that you nominated at the beginning of the season and we will send to you your password.

Tipping automatically closes at the scheduled 'bounce of the ball' of the first game of each round.

TONTINE

Simply select one wining team each week, however you cannot select **for** or **against** the same team on any two consecutive weeks.

2. Results

Select the round you wish to view and the results will be displayed with the option to print the result sheet.

3. Change Password

To change your password you need your Member Number and current password.

Enter new password twice, they must match, and your new password will be stored. Passwords can be up to 12 characters long, numbers &/or letters and are case sensitive.

4. Member Numbers

Should you forget your Member Number, here is where you look.

5. Enquiry

This is for general enquiries or score queries. It is NOT for tips entry.
